

Viking Squad Top Winner In Trap Shoot Competition

(From The Viking News)

A successful trap shoot was held at Viking on Sunday, August 30 with squads of 5 men each from Irma, Tofield and Viking competing.

Viking topped the list with 97 points, Irma was second with 50 and Tofield third with 89.

Top bird busters for Viking in Event No. 1 were: 1st Ken Butler and Jack McArthur, tied with 22 out of 25; 2nd Ed Laibida with 21, and 3rd Gervin Dunn with 19. First for Irma was Ervin Prosser with 22; 2nd Milton Fahnner and Bob Harris tied with 20; 3rd Cliff Smallwood with 18. First for Tofield was Mr. John Warner Sr. with 22; 2nd Tvan with 20; Allan Warner and Leonard S. tied for 3rd with 17 each.

In Event No. 2 Harold Speyer and Jack McArthur tied for 1st with 24 each; Herman Hagen was 2nd with 20, and Garry Southwood was 3rd with 17.

Event No. 3 was a handicapped partridge shoot with Garry Southwood and Ken Butler getting 5 out of 5 each and Harry Sheeler and Ed Laibida getting 4 out of 5 each.

The next trap shoot will be held in Viking on Sunday, September 13 starting at 1 p.m. with the same clubs entering again plus many more scatter gun experts. Everybody is welcome. Come and watch the free fun.

The Viking Gun Club appreciates the sportsmanship of all the contestants and hopes everyone enjoyed the day.

Glen-Coa Gleanings

Mr. and Mrs. E. Wills and son Donald of Vancouver spent a few days at the O. Likness home last week. Douglas Ward, who has spent the summer with his uncle and aunt, returned home to Vancouver with them. This week Miss Norma Likness and little Mark Likness of Edmonton were at the Likness farm.

Sharon WMF will meet at the O. Haasok home on Thursday, Sept. 10th. Assistant hostesses are Mrs. B. Gulbraa and Mrs. Ruste.

The Gideons of Camrose will be presenting a program at Sharon next Sunday, Sept. 6th, at 3 p.m.

A TIMES WANT ADV. PAYS!

CHURCH SERVICES

ST. MARY'S CHURCH

Service of Evensong will be held in St. Mary's Church on Sunday, September 6th at 7:30 p.m.

Weekly Inspirational Corner

(Sponsored by an Irma Times reader)

And Jesus said unto them, I am the bread of life: he that cometh to me shall never hunger; and he that believeth on me shall never thirst.

But I said unto you, That ye also have seen me, and believe not.

All that the Father giveth me shall come to me; and him that cometh to me I will in no wise cast out.

For I came down from heaven, not to do mine own will, but the will of Him that sent me.

And this is the Father's will which hath sent me, that of all which He hath given me I should lose nothing, but should raise it up again at the last day.

And this is the will of Him that sent me, that every one which seeth the Son, and believeth on Him, may have everlasting life; and I will raise him up at the last day. —St. John 6:35-40.

WITH THE District Agriculturist

By J. S. Duncan

Tractor Maintenance:

The cooling system is a very important part of the machine. The radiator on a tractor normally removes as much heat from the motor as would be produced by an ordinary household furnace. Dirt, both inside and outside the cooling system, is the greatest enemy of the cooling system. Scale and rust plug the inside and dirt covers the outside and both prevent it from transferring heat. A plugged radiator is best cleaned by a shop specializing in radiator repairs. The radiator core should be regularly blown out with an air blast. The fan belt should be adjusted periodically. Thermostats and hoses should be checked if heating occurs.

At this time of year it is a good idea to have anti-freeze in the tractor to avoid the chance of a cracked block or radiator.

Livestock for Royal Winter Fair:

Nominations of stock for the Royal are now being received. The closing date for nominations is September 10th, so if you have animals you wish to enter there isn't much time left. All animals will be inspected by a committee appointed by the Provincial Breed Association, under the direction of the Livestock Branch. If you want to put in an entry you must forward your nomination to W. C. Gordon, Livestock Branch, Department of Agriculture, Parliament Buildings, Edmonton. Remember the closing date is September 10th.

Fall Weed Control:

After the rain we have had it is going to be even more important to do a late fall cultivation of land infested with such weeds as Toad Flax, Leafy Spurge, Canada Thistle, Sow Thistle and Quack Grass. This last operation in the fall is very important in reducing the strength of such weeds and so making them easier to control and eradicate.

Northern Nuggets

Albert School opened on Tuesday with an enrolment of 72, including five happy little Beginners. The new staff consists of Mrs. Schreyer, Mrs. Larson, Miss Veer and Miss Fischer. We wish them one and all a happy and successful year.

Mrs. Ivan Currie visited in the district this week. On Sunday Mr. and Mrs. Robt. Lukens and family drove to Ohaton to visit her relatives, Mr. and Mrs. W. Pepper and family.

Mrs. Victor Marchand and kiddies of Wainwright are enjoying a few days with her parents, Mr. and Mrs. J. Clidell. Mr. Allen Hardy attended a convention for the deaf this last weekend which was held at Aspen Lake.

Mr. George Hardy is a patient in the Mannville hospital. We hope he will soon be well enough to return to his home at Minburn.

Pioneer Butcher Dies at Coast

Albert Edward Foxwell, pioneer butcher of Chauvin, passed away at a hospital in Vancouver on August 24th. Mr. Foxwell was a native of Lyme Regis, Dorset, England, where he was born in 1887. He had reached the age of 72 years at the time of his death. After taking his education at Lyme Regis, "Ted," as he was known to all his friends, moved to Canada. He first made his home in Calgary, where he arrived in 1912. Two years later he moved to Chauvin and soon entered into partnership with D. W. Parsons in the business of Parcels and Foxwell. He remained in Chauvin for something like 16 years, and then in 1930 he took up residence at Irma, where he conducted his own butcher and livestock shipping business. In 1942 he retired and the family moved to Burnaby.

Mr. Foxwell spent all his life in the United Church, officiating and shipping livestock. He was an interested community worker, spending many years on the school board at Chauvin and acting as Reeve for the Village of Irma for some time. He was a member of the United Church, a past noble grand of the Odd-fellows Lodge, and a past master of the Masonic Lodge. He was made a life member of the latter fraternity recently.

He was married to Miss Clara Allan at Winnipeg. He leaves to mourn his loss his loving wife, one daughter Joyce (Mrs. K. Duncan), and a grandson Andy. He is survived by five brothers and one sister.

Funeral services were conducted at Mount Pleasant Chapel on August 27th, with Rev. Griffiths of the United Church officiating. Interment was made in Forest Lawn Cemetery. Mr. Foxwell was laid to rest with full Masonic honors. Pallbearers were members of the fraternity and close friends, with Mr. Duncan Sr. as honorary pallbearer.

Many beautiful floral tributes were sent to the Chapel, and a number of letters and cards of sympathy, as well as telegrams are acknowledged, also flowers to the home.

Family mourners at the funeral were wife Clara, daughter Joyce and Ken, Miss Frances Allan, brother H. Foxwell, and Mr. and Mrs. Duncan.

TEA, BAZAAR, BAKE SALE

SATURDAY, SEPT. 5th
The Strawberry Plains W.I. are sponsoring a Tea, Bazaar and Bake Sale at the Legion Hall on Saturday, September 5th. 28c

Among Canada's principal cities, St. John's Nfld., has the lowest cost of living, Toronto, Ont., the highest; at February, 1959, the index figures for these cities were, respectively, 113.2 and 128.5.

Shamrocks Split First Two With Brooks Buffaloes

(From The Viking News)

The Viking Shamrocks, winners of the Northern Alberta Intermediate "B" baseball finals, and the Brooks Buffaloes, winners of the Southern Alberta Intermediate "B" baseball finals, split a double-header here on Sunday in the first two games of a five-game series to decide the championship of the province.

After almost a week's rain, the games were played under ideal Alberta sunshine before one of the largest crowds of the current season. The diamond and grounds were in excellent condition due to the work done by the boys on Saturday.

Brooks won the first game by the score of 13-11 in a contest that went nine innings, while

the Shamrocks came back strong to take the second by the score of 13-3 in seven innings, called because of darkness.

Kev. Gleeson and Joe Makar shared the mound duty in the first game, while Ron Gates went the distance in the second.

The Shamrocks committed numerous errors in the first encounter, many of which could partly be attributed to a rain-soaked, two-week lay-off. The made practice almost impossible.

The locals came through with much better ball in the next game, as the team's hitting improved and they settled down to steady fielding later in the game. Pitcher Gates had a no-hit game going until the sixth inning.

HAVE YOU PAID YOUR SUB?

Shower Honors Miss Loretta Brokop

On the evening of August 19th, a large gathering of friends and well-wishers came to the basement of the United Church to honor Loretta Brokop, a bride of that week.

Carole Smallwood was mistress of ceremonies, and when the bride-to-be arrived, she escorted her to the seat of honor under the canopy of white and pink wedding bells and streamers while the Wedding March was played by Carol Matthews. Loretta's mother and the mother of the groom were seated with her as was her sister Clara.

The first item on the evening's program was an interesting contest conducted by Mrs. Martin Enger.

Mrs. J. C. McLean then gave a comical recitation. Carol Matthews played a lovely piano solo.

The mistress of ceremonies then asked Loretta to open the many interesting packages which were piled up on the long table before her. In this she was assisted by Mrs. Brokop, Mrs. Lovig and Clara Brokop.

A grand array of useful and beautiful gifts were brought to light and duly admired by all present. Loretta warmly thanked her friends for their kindness.

A delicious lunch was then served by the hostesses.

The combined income of Canadians engaged in manufacturing in 1958 was just under \$3 billion, or about 31 per cent of all Canadian wages, salaries, and supplementary labour income for the year.

The nickname of Hogtown was given the city of Toronto more than 100 years ago by visitors unfavourably impressed by the number of pigs permitted to roam the streets.

Regular Meeting Held of the Municipal District of Wainwright No. 61

The Council of the Municipal District of Wainwright, No. 61 met in the Council Room of the Municipal District at Wainwright, Alberta on Tuesday, the 11th day of August, 1959 at 9:00 o'clock in the forenoon.

Councillor Dallyn, Mills, Garrioch, Patterson, Plaxton, Smallwood and Archibald present, also, Mr. Nicol of the Wainwright School Division, No. 32.

Reeve Archibald in the Chair. Patterson—that the Minutes of 14th July 1959 be accepted as written. Cd.

Finance: Garrioch—that the Accounts as recommended by the Finance Committee and those approved this date be passed and paid. Cd.

Administration and Taxation: Dallyn—that the report of the Assessor dealing with Mobile Homes Licensing, Business Tax, and the 10% Hamlet Allowance be accepted as given. Cd.

Secretary reported as to the written decisions of the Alberta Assessment Appeal Board and the order to reassess the properties of the Wainwright Gas Company for 1959 Taxation purposes.

Bylaw 622 to amend the classifications appended by Bylaw 605 as to Grain Elevators and add to reference stock assembly stands and Auction Marts and similar areas presented.

Moved that Bylaw 622 pass its First, Second and Third reading. Cd.

Plaxton—that the amount of \$737.53 SE 20-45-6-4 and \$799.96 on NE 20-45-6-4 be cancelled from the Current Taxes of the said lands on account of duplicate assessment made in 1958, as buildings and improvements also as personal property. Cd.

Mills—that this Council raise no objection to the erection of corals by the A.L.C. Shipping Association in the NW Corner of the NE 28-45-9-4 for the purpose of shipping livestock.

Agricultural Service Board: Dallyn—that the report of the Farm Supervisor be accepted as given. Cd.

315 Students Enroll at Irma School Sept. 1st

The Irma School opened on Tuesday, September 1st. Forty-four beginners started out on their school career. The total enrollment is 315, approximately 30 more than last year.

We understand that the percentage of pass marks for both Grades XII and IX was exceptionally high for the past year which speaks volumes for the effort of both teachers and pupils. Mr. Gunn and staff are looking forward to more good results in 1960.

The list of teachers is as follows:

HIGH SCHOOL: D. H. Gunn, A. Ronaghan, Mrs. C. Ballentine. **GRADE IX:** Miss K. Younker. **GRADE VIII:** Mrs. O. Darling. **GRADE VII:** Mrs. M. Murray. **GRADE VI:** Mrs. M. Matthews. **GRADE V:** Mrs. E. McRoberts. **GRADE IV:** Mrs. L. Prosser. **GRADE III:** Mrs. M. Millar. **GRADE II:** Mrs. K. Clumstad. **GRADE I:** Mrs. M. Fischer and Mrs. L. Anderson. **MUSIC:** Mrs. A. Glasgow. **SHOP:** Mr. C. Lafleur. **HOUSE EC:** Mrs. N. Casselman.

Hospital Auxiliary Grants Bursary

(From The Viking News)

A meeting of the Hospital Auxiliary was held at the home of Mrs. A. Klein on August 25th in the afternoon. Attending the meeting was Miss Myrna Harry, graduate of Camrose Lutheran College, who is entering the field of nursing. Mrs. Caldwell and Mrs. Holmes read articles on the duties and qualifications of a nurse after which Mrs. Holmes presented Miss Harry with a \$200.00 bursary with best wishes for a successful career in her chosen profession.

WEDDING BELLS

LOVIG — BROKOP

The Irma United Church was prettily decorated with baskets of gladioli on August 21st for the wedding at 2 p.m. of Loretta Louise, daughter of Mr. and Mrs. August Brokop and Arthur Edgar, son of Mr. and Mrs. Overt Lovig, all of Irma.

The ceremony was performed by the Rev. J. W. Strapp of Wainwright. Mrs. Helen Whiden played the wedding music.

Given in marriage by her father, the bride wore a suit of pale green tweed with white accessories and carried a bouquet of yellow roses.

Clara Brokop was her sister's bridesmaid and chose a beige tulle suit with white accessories. Her corsage was of pink roses.

The groom's brother, Mervin, was best man, while brothers Ronnie and Gordon were ushers.

Following the ceremony a reception for about 70 guests was held at the bride's home. To receive her guests, Mrs. Brokop wore a dress of navy flowered silk with a corsage of pink carnations. Mrs. Lovig was attired in light blue flowered nylon with pink carnation corsage.

The bride's table was decorated with vases of summer flowers and centered with a 3-tiered wedding cake.

The toast to the bride was given by Mrs. D. H. Gunn. That evening a wedding dance was held in the North Hall. Following this the bride and groom left for a honeymoon trip to Calgary. They are making their home in Wainwright.

CARD OF THANKS

Many thanks to all who so kindly sent cards, flowers and gifts for myself and baby Brent while we were in hospital, also to those who came to visit us. —Sincerely, Marian Fischer. 4c

Woman's Way

MADELINE LEVASON

BUTTONS AND BURES

The excitement about the newly invented burr-like adhesive fasteners, which are beginning to replace some modern zippers, prompted Canadian fashion designer, Freda Garmaise, to look into the history of closures.

Among a wealth of fascinating information, she reports that the history goes back 20,000 years and that pins, clasps, hooks and eyes, lacing and buttons were used by our most distant ancestors.

In the glacial age, primitive man used crudely pointed pins and needles made of bone and horn to fasten his skin garments. Thousands of years later the Egyptians started using copper pins and ornamenting them. The Greeks and the Romans used ornamental brooches that fastened like safety pins about 2000 B.C. and the link clasp appeared about 1700 B.C.

Miss Garmaise says that, contrary to popular belief, frog and loop closures did not originate in the Orient but in Crete. Buttons seem to have been developed in Asia Minor, she reports, and they have been used since the Bronze Age.

She found that the earliest evidence of buckles came from Greece where they were first used to decorate sandals and boots. The ancient Romans improved them with the addition of a tongue. Roman warriors also fastened their leather armour with crude metal prongs that resemble modern hooks and eyes.

Lacing had its heyday as a closure in Shakespearean England and was used in underwear as a cincher for small-waisted effects.

Among other interesting data, Miss Garmaise discovered was the fact that closure developments began to speed up in the 19th century with the snap fastener which is still in use today.

Next came the elastic fastener (in 1851), used largely on shoes and gloves. Later, greatly improved, it first appeared as a zipper in clothing in 1923.

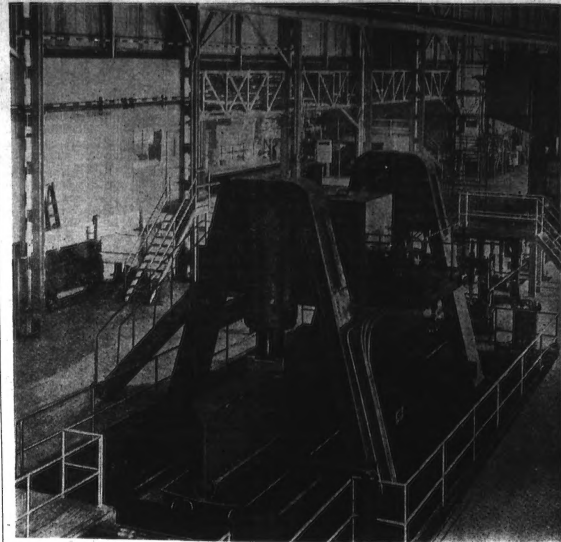

The new adhesive closure comprises two strips of tape. The surface one strip has thousands of man-made burr-like hooks and the surface of the other, a velvety pile. The two are simply pressed together.

Miss Garmaise says the new closure has many advantages but is still too heavy for use in some garments. She concludes however, that it will be subjected to continuing experiment and improvement.

There are two kinds of camels—the Arabian camel having one hump and Bactrian having two.

(The Red River Valley Echo, Altona, Man.)

(The Canadian, Camrose, Alta.)

STEEL PLANT FOR CAMROSE: Here is an approximate view of the interior of a portion of the new \$8-10 million steel pipe mill to be built here by Page-Hersey and Stelco. In the foreground is the 250-ton "U-ing" machine, while in the background is the enormous 16,500-ton "O-ing" press, said to cost as much as \$3,500,000. Construction will start on the tremendous plant soon with surveys already at work. "The new mill will be the largest of its type in the world," said a company spokesman in conversation with The Canadian. Some 300 employees will work there, with an annual payroll likely in excess of \$1,300,000 when the mill is in full operation.

BRAINS OF ENGINEER, M.D., PRODUCE ARTIFICIAL HEART

by RAY HEIMBECKER, M.A., M.D., F.R.C.S.
(Department of Surgery, University of Toronto;
Surgeon, Toronto General Hospital)

For generations, scientific dreamers have envisioned an artificial heart that could take over the work of a patient's failing heart. The pumping action of this artificial heart would allow a patient's heart to be put to rest after a "coronary" attack. It could also keep a patient alive while a hopelessly diseased heart was being replaced by a transplanted one, or while the delicate interior of a damaged heart was operated upon.

In the last quarter-century, many brilliant scientists have worked on the problem including the famous Charles Lindberg. Some success was achieved, but it soon became evident that a really successful artificial heart would have to include an artificial lung—the two structures are so closely united in the body that it is almost impossible to separate them without serious damage.

First success: It was Dr. John H. Gibbon, Jr., at the Jefferson Medical College, Philadelphia, who

tenaciously pioneered the problem for many years, in spite of all obstacles. In May, 1953, his heart-lung machine was ready for use. An 18-year-old girl had been born with a large hole between her two "auricles." She was operated upon. Her blood was pumped through this "lung" (made of stainless steel screens placed in an oxygen ailed chamber) for 25 minutes, with complete success. This machine is still acclaimed as the "Rolls Royce" of heart-lung machines.

At the same moment, simpler machines were being developed all over the world. Dr. William Mustard, of the Hospital for Sick Children, Toronto, was pioneering the use of a freshly removed monkey's lung as the artificial lung. His pump was designed and developed in the Banting Institute, and is still one of the best. Dr. Walton Lillehei, of Minnesota, ingeniously used the child's parent as a donor and connected the two circulatory systems by plastic tubing, so that the parent's heart and lungs could take over the work of the child's during the operation. Later, Richard De Wall joined him to produce a simple artificial lung, in which bubbles of oxygen were blown into the blood as it passed through a plastic cylinder. This seething, foaming mass of bubbling blood then passed through a cylinder of silicone, where the excess bubbles faded away like magic. The blood, then full of life-preserving oxygen, was pumped back into the patient.

Jet Plane Streamlining. Every channel and tube that the blood passes through must be designed with meticulous care, so that no whirlpools or eddies of blood can develop. It is here that red cells would be broken up like an ice jam in a river. Most of these heart-lung machines are designed to pump at a lower rate than the patient's own heart would have done (about 9 pints a minute in an adult). When pumping at a higher rate, there is much more damage to the fragile red blood cells—if too many are broken up by the pump, there can be kidney damage, or the injured blood may not clot properly in the patient's incision—a serious worry for any surgeon.

Surgeon, engineer, or handyman. It is easy to see that the researcher in heart-lung machines must be a Jack-of-all trades, as well as a skilled surgeon. Yet all would be almost impossible without recent industrial achievements, such as electrical automatic controls, newer and better plastics, and the silicones.

Many hundreds of children and adults have now had their hearts operated upon, to leave the operating room completely cured (many earlier heart operations only partly corrected the trouble). All this would still be a dream if it were not for patience, perseverance and research money. Much remains to be done before the machine can realize its full

DIABETES

Diabetes is a disease that results from lack of insulin to use the sugars supplied by the diet. To allow the diabetic to live as normal a life as possible food and insulin must be balanced. The doctor will prescribe treatment so that this can be accomplished through insulin, diet and exercise.

Quick-to-sew set PRINTED PATTERN

4720
SIZES
2-10

by Anne Adams

It's such fun to mix and match all the pretty, button-on topings that turn this princess sundress into three different fashions. Beginners' delight—no waist seams. Printed Pattern 4720: Children's Sizes 2, 4, 6, 8, 10. See pattern for yardage.

Send forty cents (40c) in coins (stamps cannot be accepted) for this pattern. Please print plainly size, name, address, style number. Anne Adams Pattern Dept., Department P.P.1-1, 60 Front Street, W., Toronto.

potential. Many machines are too expensive for small medical centres to afford (anything from \$5,000 to \$80,000), and they may cost anything from one to five hundred dollars a day to operate. Many types of "blue tables" are still not suitable for operation using the machine. The man who has had a coronary occlusion (heart attack) may soon be greatly helped by an operation of coronary artery grafting—an operation possible only with the help of the heart-lung machine.

Much money is needed to bring together the great resources and brains of Engineering, Industry and Medicine. These must be welded together into one unit, to result in the perfect heart-lung machine.

First carload of this year's turkeys leaves Wynyard for eastern markets

—THE ADVANCE, Wynyard, Sk. The first carload of this year's turkey crop to hit the Eastern market was shipped from Wynyard to Montreal July 24.

District supervisor E. V. Smith, of the poultry division of the Federal Department of Agriculture said that so far as he is aware this is the earliest date turkeys have been shipped from any point in Saskatchewan.

The birds came from Pickering Farms at Leslie, and were processed at the Crawford Eviscerating Plant at Wynyard. The same day the turkeys were shipped, the plant here also shipped a truckload of fowl to the Winnipeg market.

Jerry Crawford estimated that the carload would contain approximately 30,000 pounds of turkey, and added that the birds were brooded at the Pickering Farm.

100 Quebec tourists visit Western Canada

Nearly 100 French-speaking Canadians from Montreal and Quebec City are on a tour of Western Canada aboard the Canadian National Railways Super Continental.

Organized by "La Liaison Francaise," the tour is being made to renew contacts with French-speaking minorities residing in various parts of the west. The group is headed by Right Rev. Monseigneur P. E. Gosselin, general secretary of the "Conseil De Vie Francaise."

Following visits to St. Boniface, Edmonton, Jasper and Vancouver, 35 members of the group will board the CNSS "Prince George" at the latter point for a voyage through the Inside Passage to Alaska. During their return trip to Montreal, they will pay a one-day visit to Saskatoon.

The balance of the party will travel from Vancouver to California and return to Montreal via the United States.

Steam is invisible. It is water vapour which has cooled and condensed that is seen.

Helps You Overcome FALSE TEETH Looseness and Worry

No longer be annoyed or feel self-conscious because of loose, wobbly false teeth. FASTEREZE, the new, revolutionary, non-sedative, powder, applied on your plates and teeth, gives them a firm, comfortable, secure fit. FASTEREZE today at any drug counter.

\$80,000 IS URGENTLY NEEDED TO MAINTAIN AND EXPAND THE SASKATCHEWAN PROGRAM OF

CONSULTATIVE CLINICS—

Held regularly throughout the province; and at which specialists in internal medicine diagnose patients' illnesses and recommend treatment.

MOBILE PHYSIOTHERAPY SERVICES—

available at different points in the province. Patients receive prescribed physiotherapy treatments and are taught home exercises either at a Centre or in their own homes.

RESEARCH AND TREATMENT CENTRES—

When the West was young

—THE STAR & TIMES, Swan River, Man. by R. H. Bauman

History tells us that the celebrated MacLeod Hotel at Fort MacLeod, was kept by a remarkable character whose real name was Harry Taylor—better known throughout the whole country as "Old Kanooose" (Squaw thief). When asked when he first came to the west, he replied, "When Chief Mountain (elevation 9,086 feet) was a hole in the ground."

Some of the rules posted in his hotel in 1882 were as follows:

1. Spiked boots and spurs must be removed at night before retiring.
2. Towels changed weekly.
3. Insect powder for sale at the bar.
4. Crap, chucknuck, stud poker and blackjack games are run by the management.
5. Indians and Niggers charged double rates.
6. Special rates to Gospel Singers and the gambling profession.
7. Status furnished free down to the river.
8. Jewelry and other valuables will not be locked in the safe, this hotel has no such ornament.
9. All guests are requested to rise at 8 p.m. This is important as the sheets are needed for table cloths.

YOU CAN SLEEP TO-NIGHT AND RELIEVE NERVOUSNESS TODAY TO-MORROW!
To be happy and tranquil instead of nervous or in a bad mood, take SEDICIN tablets according to directions.
SEDICIN \$1.00—\$4.00

VISITORS—Abu Hanifah (standing) and Megat Shamsuddin, of Malaya, scan a recent copy of the Red River Valley Echo during their visit to Altona. —Echo Staff photo.

Malayan visitors

Abu Hanifah and Megat Shamsuddin, both of Kuala Lumpur, Malaya, are spending two days in the Altona-Winkler area studying the co-operative movement. They are both with the Malayan department of co-operative development and are on an extensive Canadian tour of co-operatives following a seven-month course in social leadership at St. Francis Xavier University in Antigonish, N.S.

Mr. Shamsuddin said there are about 2,000 credit unions in Malaya and a large number of co-operatives. Most of the credit unions are relatively small by Canadian standards, with about 60

members being an average size. The major problem in rural areas was delinquency in re-paying loans, he said, but in urban centres this problem was reduced because of the common usage of payroll deductions.

Housing co-operatives were common in his land, Mr. Hanifah said. He regretted not being able to stay a greater length in this area and studying the actual problems facing Canadian families, and how co-operatives helped them solve their problems. Their schedule, however, necessitated extensive travelling with a lack of adequate time to do it in.

CARD OF THANKS

I want to thank all my friends and neighbors for their kindness to me while in hospital for cards, flowers, fruit and those that came to visit me, also the ladies of the W.A. of St. Mary's. Thanking you all once more. —Josh Holt.

"The Bravados"

A Western drama that is thrilling from start to finish. The lone gunman tracks down four escaped desperados who had murdered his wife... seeking revenge... finds out his mistake. Adult

Saturday - Monday

SEPTEMBER 12th and 14th

Kathryn Grant, Kerwin Mathews

"The 7th Voyage of Sinbad"

Thoroughly enjoyable action-filled fantasy for all ages... spine-tling aplenty. See Sinbad sail the seas to have his true love. What secret held the Genie in the magic lamp? So real in beautiful color.

Family - Adventure

NOTICE OF SALE Of Distressed Property

Public Notice is hereby given that under the provisions of Section 366 of the Municipal Districts Act, 1955 as amended, a sale of distressed property being a quantity of stacked upland hay will be held at 2 o'clock in the afternoon at the Office of William Masson, Irma, Alberta, on Saturday the 5th day of September, 1959 by Public Auction being the property of Mark Russell of Irma, Alberta, situated at or near the SW 30-44-9-4 and SE 25-44-10-4.

CHAS. WILBRAHAM, Secretary-Treasurer, Municipal District of Wainwright, No. 61. 28-4

Jarrow News

Mr. and Mrs. Ed. Bruhaug, Mr. and Mrs. Arthur Overby visited in the city on Sunday at the homes of Mr. and Mrs. Bill Meakin and Mr. and Mrs. Leo Mark.

Mr. and Mrs. Frank Mayne and family of Sedgewick visited at the Bob Meakin's home over the weekend.

Mr. Owen arrived from Montreal on Thursday to join Mrs. Owen and girls, who have visited at the home of her parents, Mr. and Mrs. Orcheski, the past few months. They left Sunday for Vancouver where they plan to make their home.

The Jarrow Sunday School are to be commended on their musical selection which they sang at the Church service on Sunday. Twenty-one children of the Sunday School took part.

The Thanksgiving Service will be held at Jarrow United Church next Sunday, September 6th at 10 a.m. in connection with the service are asked to bring vegetables and grains to be placed on the Communion table.

School started again for another term on Tuesday. The following beginners started in the district: Corine Lovig, Mariel Helm, Arthur Matthews, Lyle Orcheski, Douglas Sonoff and Melvin Meakin.

Crews started work on Tuesday on the Telephone Microwave station which is being erected just north of Jarrow.

Eleven members and four visitors were present for the WA meeting at the manse on Tuesday afternoon. Because of the harvest being late it was decided not to have an October meeting. The November meeting to be held at the home of Mrs. Beer on November 6th.

Mrs. Whidden Sr. is now out of the University hospital and is spending the next few months at the home of her daughter, Mrs. Alf of Edson.

Mr. and Mrs. Harold Whidden visited at the Carl Alf home at Edson over the weekend.

Echo - Rodino

Little George Johnston celebrated his second birthday this week. Grace Winfield is also celebrating an important milestone, her seventeenth. Jesse Hollar will be four years old on August 31. Many happy returns, folks!

Billy Kilarski has returned to the city to go back to school after spending the summer with Mr. and Mrs. R. Hollar.

Early August 29 frost covered the district. A year ago the first frost came on September 24.

The school term begins again with a few students leaving for further education and a number beginning for the first time. Nolan Crouse is the only little fellow from the Echo district to attend Albert School, while Myrna Whitten and Danny Winfield join the roll on the Minburn bus.

Mr. and Mrs. H. Hinecker of Mannville were Sunday guests of the Vandervaele's.

In the most recent year of record there were 79,797 companies in Canada subject to federal corporation tax, and of these 52,517 reported a profit and 27,280 reported a loss.

EASTERLY ECHOES

Cpl. and Mrs. Bill Moffat of Drumheller were visitors at the Eddie Jackson home this week. Beginners from the Strawberry Plains district are Noreen Jackson, Leslie Creasy and Bryce Long.

Mr. and Mrs. Harry Long and family visited at the Ed. Plaxtons of Wainwright on Sunday. We are pleased to report that Mrs. Art Long is now home from hospital.

Please remember the Tea, Bazaar and Bake Sale being sponsored by the Strawberry Plains WI at the Legion Hall on Saturday, September 5.

Misses Darlene Veer and Alice Fischer commenced their teaching duties at the Albert School on September 1.

Ronnie Dempsey arrived home Saturday after an enjoyable two weeks with the Sea Cadets at Comox, B.C.

Gary Meier spent Sunday with his friend Ronnie Dempsey. Roger Dootson, Margaret Crabb, Marilyn Elliott and Irwin Elliott are also beginners this term.

Miss Carolyn Morse was an Edmonton visitor on Wednesday.

Mr. and Mrs. Nelwin Peterson and Dale of Ledue were Sunday visitors at the J. J. Kennedy home.

Mr. and Mrs. E. Fenton, Mr. and Mrs. Archie Cook and Gary journeyed to Lloydminster on Sunday to see the hardball game between the Lloydminster Merchants and the Edmonton Eskimos. Before returning home they called on Mr. and Mrs. Newt Horning.

Mr. and Mrs. Stuart Fenton, Henry and Jerry Owens journeyed to Ponoka on Saturday. The boys took part in the All Star finals. On Wednesday they played at Hughenden. It looks like we have some future "Tigers" in our midst.

Mr. F. C. Sanders was a Sunday visitor at the H. Elliott home.

Judging by the number of visitors at the H. Morse home last week we'd bet that Mr. and Mrs. T. C. Sanders were the most popular couple in the district.

Mrs. Fitzpatrick, Mr. Ross Eaton and Mr. and Mrs. F. Wiese of Wainwright visited with Mr. and Mrs. T. C. Sanders last week.

Donald Morse of Mundare, Alberta, was home for the weekend.

Miss Sarah Holt of Edmonton, Mrs. Mary Kurte and family of the U.S., accompanied Mr. Sam Holt of Edmonton on Sunday to spend a few days with their parents, Mr. and Mrs. Joshua Holt.

Mrs. W. A. Burton returned to Vancouver recently after spending about three months with relatives here.

Mrs. G. Fischer and Carol were Edmonton visitors the beginning of the week.

NORTH EAST CORNER

Mr. and Mrs. Tom Conway and girls of Blairmore, Alta., were visiting around the district a few days last week.

Mr. and Mrs. Clifford Firkus and Mervin were Edmonton visitors a couple of days last week.

Mr. and Mrs. Larry Brienback of Vancouver, B.C. visited at the home of her brother, Jack Savard. Gloria and Lorraine returned home from Edmonton with them.

Miss Doris and Master Kenny Firkus have returned home from their long trip with their grandparents.

Mr. and Mrs. R. Scheick and family of Unity, made a quick visit with relatives on Monday.

Quite a number of Grade one's hail from our corner this year — Doris Stricker, Charlotte Haun, Margery Lawson, Stella Younker, Elizabeth Nemoy, Ernie Ford, Paul Ford, Robin Prosser, Kenny Firkus and Danny Haug. We wish these youngsters well as they start out in school life, and if I have missed any, I do apologize.

Mr. and Mrs. Ed. Haugan were Edmonton visitors at the weekend.

Mr. and Mrs. P. Prosser and family are moved into their new home now.

In 1891, a plan to use the power of Niagara Falls for generating electricity was publicly ridiculed.

A TIMES WANT ADV. PAYS

Local News

Misses Lillian Masson and V. Crego of High River were weekend guests at the Wm. Masson home.

Mr. and Mrs. Wm. Masson Jr. of Stettler were also here on Sunday afternoon.

Mrs. F. Clumstad's brother, Mr. Ney, with his wife and family from Edmonton, were Irma visitors last Sunday.

Baby Weatherly is a patient in Wainwright hospital this week.

Mrs. J. Jackson is visiting with relatives at Sedgewick.

Mrs. K. Coffin is on the teaching staff at Kinsella this year.

Miss Carol Matthews is the new stenographer in the Bank of Montreal.

Mr. Wm. Tomlinson, former resident of this district has come from Ontario to visit here at the home of his cousin, Mr. E. P. Tomlinson.

The past few days have been dryer and with more sunshine. This is much appreciated after the heavy rains of the past two weeks.

A donation has been acknowledged to the Purple Cross Fund in memory of Mr. Mark from the Irma Elks Lodge.

Born to Mr. and Mrs. Ernest Walz, the former Pat Engler, at the General Hospital, Edmonton, on September 3rd, a daughter.

Word has been received that Mrs. H. Adams, longtime resident of the Edson district, passed away in Wainwright hospital on Wednesday. Much sympathy is felt for Mr. Adams and the family.

Tenders will be received by the undersigned up to and including the 30th day of September 1959, for the sale of the following buildings and sites:

Batts School Building, Barn, out houses and site. Paschenhale School Building and out houses and site.

White Cloud School Barn. The highest or any tenders received for any buildings or sites not necessarily accepted.

Consideration of tenders will be on Friday, October 2nd, 1959. Oliver G. Griffiths, Secretary-Treasurer, Wainwright School Div. No. 32 4-18c

CARD OF THANKS

Just a "Thank You" note to all who remembered me with cards, flowers and other kindnesses during the past two weeks. —Eva J. Charter. 4c

U of A Winter Session Opens September 21

Monday, September 21, 1959, marks the beginning of registration for the 1959-60 Winter Session at the University of Alberta. Close to five thousand students, some from every community in Alberta, will be resuming their winter studies at that time. To start the year off on a jubilant note the students and administration of the University are planning an eight-day welcome that ranges from the stately pageantry of the academic procession at the formal University welcome to the color of a giant bonfire at the reception sponsored by the City of Edmonton.

Kinsella News

Mr. and Mrs. J. W. Wilkinson enjoyed a fishing trip at Moose Lake recently and also called on Mr. and Mrs. H. Wilkinson at Edgerton.
